Dear Mr French

Thank you for your letter of 13 May 2019 about the shared cycling corridor through the Howard Smith Wharves (HSW) development. I appreciate your ongoing concerns with the condition of the path surface, the alignment of this corridor and segregated cycling facilities.

I am pleased to advise that Council is seeking to replace the path surface with a more durable wearing surface and is working with the developer to finalise the details of this surface replacement.

The current surface treatment was placed on a trial basis and, as you know, it has not passed this trial. The works will most likely involve some temporary measures and may alter travel plans to ensure public safety throughout the works. However, this will be kept to a minimum.

While the finer details of the works are still being determined, HSW Nominees will ensure users and visitors to the precinct are notified of the works and the necessary arrangements will be made to deliver the works.

Should you have any further questions about this site, please contact Mr John Bretz, Engineering Assessment and Compliance Manager, Development Services, on 3403 7215.

Thank you for contacting me.

Yours sincerely

Adrian Schrunner
LORD MAYOR
