Dear Gavin

On behalf of the almost 600 members of the Brisbane Central Business District Bicycle User Group (CBD BUG) I wish to commend you for your superb photography/digital story project – *Biking Brisbane: This is how we roll* – exhibited at the Bleeding Heart Gallery, Brisbane during October 2010.

Your composition of photographs, video and text and some quite unique bikes was clear evidence of being passionate for your topic, hard work and presentation skills. I thought you presented some highly interesting and previously un-realised aspects of cyclists and cycling in Brisbane's urban environment. In particular, I was taken with your work around the "Jungle Ramp", through applying a multi-modal approach to highlighting and commenting on a heretofore not widely known grass roots community bonding/development project.

I'm sure your major sponsors – Brisbane City Council, Arts Queensland – are equally as impressed with the results of their support.

The large turn out of gallery visitors on the opening night and the extension of your exhibition beyond its original timeframe attest to the strength of your work. Not surprisingly, your exhibit was viewed by no less than the Premier.

Again, well done, and I hope in the future we will continue to see you and more of your work.

Yours sincerely

Paul French
