Hi Paul.

I am the candidate for the Qld . Greens in the Stafford Electorate in the upcoming State Election. I am a long time campaigner for policies that benefit bike and pedestrian safety and accessibility and support improved public transport as one would expect of a Greens candidate.

I am available at any time to you or your members during this election and also after it in my capacity as Qld. Greens Spokesperson for Public Transport and Roads.

I hope for your support for our policies.

Anne Boccabella
Qld. Greens Candidate Stafford
Qld. Greens Spokesperson.

Subject: CBD BUG letter seeking commitments to enable increased cycling and active transport usage

Dear Ms Boccabella

Please find attached a letter from the Brisbane Central Business District Bicycle User Group (CBD BUG).

The CBD BUG has noted the Qld Greens have already published their transport policies at <http://qld.greens.org.au/qld/policy/transport>.

However, to be fair we are still sending you the same letter that is being sent to all the major parties contesting the 2015 Queensland State Election.

Regards
